Candidate Statement: (Pertinent Biographical or Other Information – 500 words or less):

I am running for the board of directors with the goal of improving community input into board decisions. I believe community input should be a critical component of board decisions that directly and financially impact home owners. My decision to run is based on my recent and first direct contact with our board of directors during which I was shocked to learn constituent input is severely limited.

My wife and I moved here about three years ago. I am retired from the Foreign Service and have been an active community volunteer since retirement. I am currently a Habitat for Humanity crew leader and a volunteer driver for Reston Community Center Rides Program.
