Candidate Statement: (Pertinent Biographical or Other Information – 500 words or less):

My name is Holly Phillips. I am an original owner of a townhouse on Logan Manor. I've slowly evolved into the neighborhood, starting on the activities committee, filling a vacant board position mid-term, and, most recently, heading up the parking committee. My background is in marketing, human resources, operations and project management. I attended Penn State University and have two graduate degrees (MBA & MPS) from Syracuse University. I've worked for public companies, private companies, start-ups and a government agency.

West Market is the oasis within the Town Center Area. The goal is to keep it that way. The community is 20 years old now and needs more attention than ever. From my one year on the board I can tell you that it takes a real commitment in time and caring. It can be tough. It can be rewarding. The best part is getting to know so many people in the neighborhood and working on a team to resolve issues in the best interest of the community. I can bring continuity, persistence, and fair judgement to the role. This past year I worked with the board to select a new management company and set a strategy to stay ahead of parking challenges. Boy, did I learned a lot about HOAs and our community. That knowledge and experience will enable me to become a stronger contributor to the board and the community.

I no longer hold a full-time job, I live, year round, in West Market and have a one-block commute to board meetings.

Except for the pay, it's a great gig.
